

CARING CONNECTORS, LLC

MAKING SURE YOUR LOVED ONE IS IN GOOD HANDS

At Caring Connectors, we prioritize the health, safety, and well-being of our clients above all else. Our utmost goal is to provide exceptional care that eases the burdens faced by both you and your loved ones. Our live-in care services have proven to be invaluable for clients in need of round-the-clock supervision and comprehensive hands-on care. Our live-in services ensure consistent care provided by one dedicated caregiver, available 24/7, alleviating significant strain on family members.

We offer both short-term and long-term options for live-in care. Whether you require live-in care for a week during a family vacation or business trip, or you need full-time permanent placement in the home, we are equipped to meet your scheduling needs.

For live-in care, it is vital to provide caregivers with their own private room furnished with a bed. Caregivers are responsible for their own food supplies, personal hygiene items, and any other necessities required to maintain their well-being.

Live-In Care Scheduling Options:

Option 1: Two consistent caregivers - One caregiver is present for five days, while the other caregiver covers the remaining two days.

Option 2: Two consistent caregivers - One caregiver works for a period of three weeks, followed by the other caregiver who covers the subsequent week.

Option 3: One caregiver assigned to the case, with the flexibility to take leave for three weeks to one month every six months.

We understand the importance of scheduling flexibility and strive to provide options that accommodate your unique needs. If you have any further questions or require additional details, please do not hesitate to contact us. We are here to provide you and your loved ones with the highest quality of care and support.
